

ALL EVIDENCE IN: ARGUMENT BEGINS

Two Speeches for Commonwealth
and Two for Defense in
Sidna Allen Trial.

JURY WILL GET CASE TO-DAY

Judge Buxton Will Conclude for
Prisoner, and Attorney
Wysor for State.

(Special to The Times-Dispatch.)
Richmond, Va., December 9.—Evidence in the trial of Sidna Allen for the murder of Commonwealth Attorney William M. Foster was completed this morning, and the argument will be heard by the jury to-morrow.

Four speeches were made to-day. J. S. Draper and W. S. Pounce, for the prosecution, and R. P. Bruce and Judge N. P. Oglesby, for the defense. Colonel J. C. Buxton will speak in the morning for the defense, and the argument will be closed by J. C. Wysor, for the prosecution. The case will be in the hands of the jury by noon to-morrow.

Only two witnesses were examined this morning for the defense. The first was Perry Flanagan, who testified as to hearing Frank Fowler, the deputy sheriff, the day after the tragedy, say he saw Sheriff Webb fire two shots right into the breast of Floyd Allen.

The next was H. C. Gilmer, attorney, of Pulaski, who, from his window in the hotel immediately adjoining the court green, saw the participants in the shooting from that point. He said he saw the prisoner fire at least four shots in the direction of the south steps of the courthouse, but did not see him fire at any one on the court green or in the street, nor did he hear him say, "Kill all the d—n rascals," nor did he see the accused load his pistol on the green, that point. He testified in forty or fifty feet of the prisoner.

This evidence was to refute the statements of W. P. Harris and other witnesses for the prosecution on these points.

(Special to The Times-Dispatch.)
Richmond, N. C., December 9.—There is still much mystery connected with the finding of the body of a man in a meadow near Raleigh, N. C., Saturday evening.

The body had the appearance of being that of a substantial sort of a white man, about forty years of age. However, it began now to look as if he was a very bright negro. The first information that the body was that of a negro instead of a white man was the information that came Sunday evening from the Raleigh police.

A charter was issued to-day for the Salisbury Metal Culvert Company, of Salisbury, capital \$50,000, by James M. Maupin, O. W. Spencer and others.

The next was H. C. Gilmer, attorney, of Pulaski, who, from his window in the hotel immediately adjoining the court green, saw the participants in the shooting from that point. He said he saw the prisoner fire at least four shots in the direction of the south steps of the courthouse, but did not see him fire at any one on the court green or in the street, nor did he hear him say, "Kill all the d—n rascals," nor did he see the accused load his pistol on the green, that point. MAN IS STABBED BY TWO BROTHERS

One Held Without Bail and the
Other Released Under Bond
of \$2,000.

(Special to The Times-Dispatch.)
Richmond, N. C., December 9.—Charles Seay, eighteen years of age, is in jail, held without bail for the next grand jury, and his brother, Eddie Seay, about twenty-five years of age, is out on bond of \$2,000, following an attack on Walter Reed, aged twenty-one years, son of H. S. Reed, shortly after midnight on Sunday morning. Young Reed was cut in seven places on his body and face, and his condition is critical. He is under the constant attention of physicians at his father's home, about four or five miles from this place.

Sunday night, it is alleged, one of the Seay brothers started off with a sister, Reed. When Reed objected to her going, Charles Seay, it is charged, attacked him with a knife, while his brother helped to hold the struggling man. Later Reed was taken into his home, near where the encounter occurred, and it was realized from the first that his condition was serious. Some time afterwards the Seay brothers were arrested.

They were brought to this place and this morning were taken before Justices of the Peace J. W. Roberts and J. J. Smithson for preliminary hearing.

The hearing continued for several hours at the court house, at which Charles Seay was held without bail, and his brother, charged with being an accessory, was put under bond of \$2,000, which he later gave and was released. Charles Seay was locked up in the Chase City Jail until to-morrow morning, when he will be taken to Boydton and kept there until the next term of court.

All the parties to the affair are respectable farmers and live near this place. The Reeds came to this section from the West several years ago, but the Seays are native Virginians and have lived in this section all their lives.

PROCLAIM AMENDMENTS

Governor Prepares Declaration of
Changes in Organic Law.

A proclamation will be issued at once by Governor Mann embodying the results of the vote in the November election on the three amendments to the Constitution. The proclamation will be signed by the Governor.

To make the amendments effective, the Governor must prepare a statement of their text and a summary of the vote cast for and against each. Upon due publication of this proclamation the changes in the organic law will be in force.

The amendments will be the revenue and city treasurers may hereafter succeed themselves in office indefinitely, while the General Assembly is permitted in future to pass acts providing for terms of government in either other than those now specified in the Constitution.

AUTOMATIC STOKER

Subject of A. G. Kinyon's Address Before
Richmond Club Last Night.

The subject of Mr. Kinyon's lecture was "The Automatic Stoker." He discussed the various types of stokers and the advantages of the automatic stoker over the manual stoker. He also discussed the importance of the stoker in the operation of a steam engine.

The lecture was well attended and was held in the auditorium of the Virginia Mechanics' Institute, heard A. G. Kinyon, of the Virginia Mechanics' Institute, and the death-knell of the old-time locomotive stoker.
